Elimination points will be awarded as follows:

20 points will be awarded to each competitor that stages their vehicle under power in the first round of eliminations.

20 points will be awarded for each round won during eliminations.

Must compete at 3 of the 4 events to qualify for the final prize.

Once qualifying has concluded and a ladder has been established, pairings will not be changed. However, should a qualified vehicle and racer be unable to make the first round of eliminations, an alternate will be inserted in his or her place. Under normal conditions, all first-round points will remain with the qualified racer. Alternates will not be eligible for any round points, regardless of how far they advance past round one. If an event is postponed due to weather or other conditions prior to the start of eliminations for that category, it is necessary that the qualified vehicle and racer be in attendance and participate at the rescheduled date to be eligible for all points and awards based on eliminator competition. Awards based solely on qualifying remain with the original qualifier.

All points are awarded to the racer and cannot be transferred under any circumstances.

Tie Breaker (in the event there is a tie at the end of the season) the following process will determine the champion:

1. Number of Event Wins*
2. Driver with the most round wins
3. Quickest average of qualifying times. (If tie still exists the average speeds will be used)

*If after step 1 a tie still remains, step 2 then step 3 will be followed until the tie is broken.
